

# Moisture is Flooring's Worst Enemy

It's the #1 reason flooring projects go wrong.

Plumbing leaks

Foundation cracks

Spills

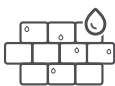

Pets

Natural disasters

Concrete water vapor

Condensation

Leaking appliances

*Remediation is expensive, requiring time, professional help, multiple steps and costly products.*

## Until now.

OneFlor USA flooring with **SetaGrip™** is the world's only all-in-one 100% waterproof LVT with built-in adhesion technology.

**A new definition of "waterproof" for the flooring industry.**

OneFlor's SetaGrip™ flooring is the only LVT product in the world that can perform like new, even after a flood. Simply remove, dry and reapply to a dry clean and smooth surface.

One Vision: Smart Flooring

OneFlorUSA.com

# “All-in-one” means the smartest LVT product you can buy.

Everything you need is designed right into the product, from the resilient surface coating down to the self-adhering backing. No glues, no flimsy peel-and-stick, no down time, no stress.

## The Anatomy of Setagrip™
